COAL COMBINE: Uniting workers in the coal mining industry and coal fired power stations

<http://cleanercoal.wordpress.com>

The NUM/Unite Coal Combine was inaugurated in January of 2014, at the Carbon Capture & Storage / Coal Combine Seminar. Delegates from the deep mines, surface mines and the coal burning power stations took part in this historic event, uniting not just the two unions but workers from the energy sector.

Website Launches:

28th June 2014
